

CUSTOMIZED SERVICE ARRANGEMENTS

A Customized Service Arrangement or CSA is an individually negotiated transaction tailored to meet the telecommunications needs of the customer for whom it was designated. A CSA frequently involves a combination of domestic, interstate, interexchange service(s) and international service(s).

This Schedule only applies to the domestic, interstate, interexchange service(s) that comprise each active CSA. As permitted by the FCC, tariffed international service(s) and domestic, interstate, interexchange services(s) furnished under contract, i.e., those about which information appears in this Schedule, may be combined to determine discounts and minimum revenue or volume requirements.

Unless otherwise noted in the CSA, the CSA option is available to similarly situated customers for 30 days following the date posted.

The CSA links are listed in order by the Qwest entity providing the service, the Reference, Option, or Program Number of the CSA and the date of the CSA.

Questions regarding CSA postings may be referred to tariffs@qwest.com.

Customized Service Arrangement Briefs
Qwest Corporation
