105.4.15 *SINGLENUMBER* SERVICE

A. Description

SINGLENUMBER Service (SNS) provides a single telephone number to business customers with multiple business locations. Customers may use this single number to provide a single publicized access number for their business regardless of the telephone number and locations of those multiple businesses. All calls to this single number are routed to an appropriate destination based on the geographical location (ZIP Code) of the calling party. Calls may also be routed on a percent allocation basis, by ZIP Code.

A Time-of-Day/Day-of-Week (TOD/DOW) forwarding feature is available as an optional service. With the TOD/DOW feature, the customer maintains a schedule with TOD/DOW entries. Calls to the SNS customer are routed according to the schedule.

An optional feature is also available to those customers whose caller's telephone number and/or ZIP Code cannot be identified through SS7, requiring the calls to be forwarded to a default number. This optional feature, Prompt and Connect, prompts the caller, via an announcement, to enter their 10-digit telephone number, thereby enabling the call to be connected to the proper location.

Customer location for the purpose of *SINGLENUMBER* Service is defined as each telephone number or group of telephone numbers that are a call destination zone.

B. Terms and Conditions

1. The SNS customer has full control of the service. The SNS customer is responsible for providing the Company with the configuration of the service (e.g. destination location/number, ZIP Code data, percent allocation, etc). If the customer requests changes to the ZIP Code data file and/or destination location/number file, it is the responsibility of the customer to supply the Company with complete replacement files.
2. The SNS customer is responsible for the payment of all nonrecurring, recurring and usage charges.
3. If available, with the permission of the SNS customer, the Company will alternatively bill the destination accounts for the monthly usage. Although the destination account will be billed, the SNS customer is solely responsible for the payment of all billings. On a per request basis, the SNS customer may receive usage information for each destination account.

105.4.15 SINGLENUMBER SERVICE

B. Terms and Conditions (Cont'd)

4. SNS is available to business customers only.
5. The SNS customer is responsible for the selection of the Interexchange Carrier for calls routed on an interLATA, interstate basis.
6. Due to limitations of computer storage capacity, the maximum number of ZIP Codes allowed per SNS telephone number will be determined by the Company.
7. Suspension of service is not allowed.
8. SNS is being grandfathered as a Category II service as defined in 2.15 of the Exchange and Network Services Tariff.

C. Rates and Charges

1. A nonrecurring charge applies to any change to SNS, unless otherwise indicated.
2. The Company offers a 90-day Money Back Guarantee. If a customer discontinues their SNS subscription within 90 days of installation, the Company will credit their account for all monies billed for any flat monthly charges. The Money Back Guarantee will not apply to nonrecurring or usage charges.
3. In addition to the rate per activation for all calls routed via the service, a per occurrence rate applies for those calls routed via Prompt and Connect.
