5.10 RESALE OF COMPANY SERVICES

5.10.4 RESALE OF *CENTRON* SERVICE

A. Description

The resale of local exchange service through use of *CENTRON* Service is permitted only if all requirements outlined in this Price List are followed. In addition to the information stated in this Price List, the customer-of-record, referred to as the reseller, must have a Certificate of Authority from the Minnesota Public Utilities Commission (MPUC) to provide service to its end users through the resale of *CENTRON* Service.

Resellers must purchase service from Qwest Corporation under established parameters associated with the specific offering. Qwest Corporation has no direct responsibility to end users of resellers unless specified in this section.

B. Definition

CENTRON Resale is defined as the purchase of the Company's *CENTRON* Service by an entity certified by the Minnesota Public Utilities Commission as a *CENTRON* reseller for sale to any other firm; business; organization; or corporation, designated as the end user of the reseller.

C. Conditions

1. The Company will provide *CENTRON* Service to resellers with a certificate of authority from the Minnesota Public Utility Commission in accordance with the terms and conditions of this section and Section 9 of this Price List. The Company is not required to make resale available from central offices not equipped to provide such services.
2. The reseller is the person or entity responsible for:
 - a. Placing application for service.
 - b. Requesting additions, rearrangements, maintenance, or discontinuance of service.
 - c. Payment in full of charges incurred.
3. Resale Service is not provided in connection with Public Communications Service or Residence Local Exchange Service.

5. EXCHANGE SERVICES

5.10 RESALE OF COMPANY SERVICES

5.10.4 RESALE OF *CENTRON* SERVICE

C. Conditions (Cont'd)

4. Application for service on a resale basis as well as requests for additions, rearrangements or discontinuances of service will be accepted only from the reseller.
5. The Company retains the right to directly serve occupants of a building or commercial development where resale of service exists upon the request from such customers. Separate orders and billing to an end user will be provided on services ordered by the end user.
6. Wiring facilities provided by the reseller which are connected to the Company's facilities must be installed in accordance with FCC Part 68, Rules and Regulations.
7. The Company will only be responsible for transmission quality and maintenance of Company provided facilities and not for transmission quality or maintenance of reseller provided facilities. The Company applies a trouble isolation charge for visits by the Company to any premises of the reseller or the reseller's end user where a service difficulty or trouble report results from Customer Provided Equipment (CPE) or facilities.
8. All charges shall be billed to the reseller and not the end user.
9. The reseller is responsible for allocation of the charges for services provided to its end users.
10. The Company will comply with notice obligations under applicable statute or Public Utility rule.
11. It will be the responsibility of the reseller to handle arrangements with the Company for directory listings requested by end users. The reseller will be charged in accordance with D., following, for end user directory listing. The end user will be responsible for placing their yellow pages advertising with vendor.
12. The Company will not be responsible for providing intercept service directly for an end user of the reseller, unless requested or contracted under mutually accepted terms and conditions by the reseller.
