3. CONSUMER LONG DISTANCE SERVICE OFFERINGS

3.1 GENERAL

3.1.1 DESCRIPTION OF SERVICES

- A. The service enables customers to place long distance telephone calls within the State of Minnesota. Unless otherwise expressly stated, all service descriptions and rates apply only to 1+ dialed plan rates, made from presubscribed lines. The rates may not apply to calling card calls, collect, third number billed or other billing methods, unless expressly so stated.
- B. Services are provided on a full-time monthly basis and are available in all cities, subject to the availability of facilities and/or equipment. The Company reserves the right to refuse to provide service where facilities or equipment are not available or in circumstances where it is not economically feasible.
- C. Total monthly charges for use of the Company's facilities are based upon the total time the customer utilizes such facilities, unless otherwise specified herein. Intrastate and/or intraLATA usage charges, as well as other charges, discounts, and/or features, are applicable to each individual service option.
- D. Rates and charges, excluding special taxes, fees and surcharges for service vary depending upon the option selected by the customer. Certain service offerings may involve one or more of the following: a monthly recurring charge, a minimum monthly charge for Instate and/or IntraLATA usage, charges for installation, special features, and/or charges for administrative or physical changes to a service. At additional cost, certain service options offer a customer the ability to identify individual users and allocate the cost of their long distance service through the use of accounting codes.
- E. Services are also governed by the terms and conditions contained in the Company's Rates and Services Schedule Interstate No. 3.
- F. Residential plans are available to all residential customers who have no more than five lines at a single location.
- G. Calling plans are available on a full-time basis, 24 hours a day, 7 days a week.

3.1 GENERAL (CONT'D)

3.1.2 DESCRIPTION OF CHARGES

A. Usage Charges

1. Usage charges vary depending upon a combination of factors including; the time of day a call is placed, the duration of the call, and the network facilities over which the call was placed. Calls beginning in one rate period and ending in another will be billed at the rate applicable to each portion of the call.
2. Chargeable time begins when the Company receives signaling to detect that the network connection between the calling party and the called party has been established. Chargeable time ends when either party "hangs up" thereby releasing the network connection. Unless otherwise specified, residential calls are measured and billed for an initial period of 60 seconds and timed in 60-second increments. Fractional minutes of use are rounded up to the next full minute.

B. Monthly Recurring Charges

Monthly Recurring Charges are fixed fees applicable to certain service offerings set forth herein. Such charges vary depending upon the physical requirements of the customer and the characteristics of the service arrangement utilized by the customer. Monthly recurring charges for dedicated access arrangements may include an amount charged by a local access provider. Customers may elect to be billed directly for local access facilities.

3.1.2 DESCRIPTION OF CHARGES (CONT'D)

C. Volume Discounts

Customers whose total monthly usage equals or exceeds a minimum level may be eligible for a volume discount. The amount of the discount is generally based upon the customer's total monthly usage charges for all services; such usage may be measured for each rate period over all access lines in a service group. The Company reserves the right to discontinue Volume Discounts to customers who are delinquent in payment for services provided by the Company. Volume discounts are not applicable to monthly recurring charges, installation charges, fees for special features and functions, administrative or physical change charges, or minimum monthly usage charges.

D. Minimum Monthly Usage Charges

Customers may be required to maintain a minimum usage level in order to receive discounted rates and charges. Unless otherwise specified, minimum usage charges are billed in advance and are not subject to volume or time-of-day discounts.

E. Installation Charges

Installation charges are applicable to certain service options requiring the physical connection of lines, ports, equipment, or other facilities. Such charges may also be assessed for changes in the service arrangement for the addition or adjustment to lines, ports, equipment, or other facility necessary to provide the service required by the customer.

F. Calling Card Service is available to residence customers subscribing to the calling plans listed in this section. See 6.4.2, following

G. A Payphone Surcharge will apply to calls that originate from any payphone. The appropriate service charge listed in 6.1.4, following, applies.

H. Operator Services from residential locations, which presubscribe to one of Qwest's 1+ dialed services, are listed in 6.2.6, following.

I. Hearing or Speech Impaired Persons Discount

Unless otherwise specified, a rate reduction will apply on all calls within the state, originating from a certified hearing or speech impaired customer's residential line. The rate reduction will be the application of a 40% discount over the established long distance rates in effect.
